Re: NEW(FM), Pendleton, SC
Georgia-Carolina Wireless, LLC
Facility ID Number 170949
File Number BNPH-20070430CDB

Dear Counsel:

This letter is in reference to the above-captioned application for a new channel 240A FM station at Pendleton, SC.

Pursuant to 47 C. F. R. § 17.4(a), any proposed construction of a new antenna structure or proposed alteration of an existing antenna structure that requires Federal Aviation Administration (FAA) notification also requires registration with the Commission prior to construction or alteration. Our records indicate that the proposed antenna structure has not been registered. FCC antenna structure registration may be accomplished electronically via the Internet at <http://wireless.fcc.gov/antenna/>, or by sending a completed FCC Form 854, *Application for Antenna Structure Registration*, to:

Federal Communications Commission
Information Processing Branch
1270 Fairfield Road
Gettysburg, PA 17325-7245.

Following FCC registration of the antenna structure, a curative amendment to application BNPH-20070430CDB, which includes the FCC antenna structure registration number, must be submitted to the Commission. If the antenna structure cannot be registered with the Commission within 90 days of the date of this letter, the applicant must notify the Commission, in writing,

concerning the delay.¹ In the event that further difficulties with the registration process occur following the applicant's initial response to this letter, the applicant must provide the Commission with written updates concerning the structure registration process every 60 days thereafter.²

Further action on the subject application will be withheld for a period of 90 days from the date of this letter to provide the applicant an opportunity to respond. Failure to respond within this time period or to provide written updates as required will result in the dismissal of the application pursuant to 47 CFR § 73.3568(a)(1). Please note that any amendment must be signed and filed in the same manner as the original application.

Sincerely,

A handwritten signature in black ink, appearing to read "Susan N. Crawford", is written over the typed name and title.

Susan N. Crawford
Assistant Chief
Audio Division
Media Bureau

cc: Georgia-Carolina Wireless, LLC
Clifton G. Moor (Eng.)

¹ If the structure cannot be registered within the initial 90 day period, the first response to this letter shall be filed in triplicate with the Secretary of the Commission, and shall contain a specific narrative of the actions taken to obtain FAA approval and FCC antenna structure registration. The response shall include copies of all correspondence between the FAA, the applicant, and the applicant's agents.

² Each 60 day update shall be filed in triplicate with the Secretary of the Commission, and shall report specific actions toward securing FAA approval and FCC antenna structure registration taken by the applicant and its agents since the filing of the previous report.
